

## INJUNCTION PREVENTED SUNDAY BALL

Playing in Wheeling Yesterday, and the Effort to Play the Game on Fulton Grounds

### DID NOT PROVE SUCCESSFUL.

The Owner of the Ground, it is Said, Entered an Objection to This Move of Club.

Saturday afternoon, before Judge Melvin, in the circuit court, on application of certain Island citizens who live in the vicinity of the base ball park, an injunction was granted, enjoining the Wheeling base ball club, individually and collectively, from playing ball games there on the Sabbath. Bond was given in the sum of \$2,500 by the petitioners, who are backed up by the Federation of Churches and several prominent citizens.

It was announced in the Sunday papers that the Wheeling and Fort Wayne clubs would play the game scheduled yesterday on the grounds just beyond Fulton, and a large crowd was attracted there by the announcement. The game, however, was not played. It is said one of the trustees of the property, which is owned by the Thompson estate, intimated to the ball club that the game could not be played on the grounds. The ball club people stated that the game was not played for the reason that they did not care to prejudice their case before the criminal court grand jury, which meets to-day, by playing a game which might be construed as a violation of Judge Melvin's injunction.

Interest is general in the action the grand jury will take in the base ball cases.

### THE GRAND JURY

Which Will be Chosen To-day, Has Some Work Out for Itself.

The criminal court grand jury, which will be chosen to-day, has considerable work out for it in its consideration, including the Sunday base ball cases, the council bribery investigation, several felony cases and a number of misdemeanor cases. It is not likely that its deliberations will have concluded before Tuesday.

### SOCIETY.

Wheeling friends of Lieutenant Guy Scott, U. S. A., received Saturday the following announcement of his approaching marriage to Miss Lulu Gratiand Voorhes, of San Francisco:

Doctor and Mrs. Albert Hunter Voorhes request the pleasure of your company at the wedding reception of their daughter Lella Gratiand.

Lieutenant Guy Tyrrell Scott on Tuesday evening June the twelfth, nineteen hundred and one, at nine o'clock, 211 California street, San Francisco, California.

The Philharmonic Trio will assist in to-night's concert given at the Opera House by the Woman's Musical Club, an additional feature that will prove a drawing factor.

Wednesday afternoon at 3:30 o'clock, at the Fourth Street Methodist Episcopal church, will occur the ceremony uniting in marriage Mr. I. Harrison Williams and Miss Elizabeth Gertrude Kyle. The ceremony will be performed by the Rev. J. L. Scov, pastor of the church. The groom will be attended by Mr. D. Walter Cochran as best man. The ushers for the occasion are Messrs. Harry Dunn, of Pittsburgh; Ed. Neff, Will Stevenson and Joe C. Boriand, of Wheeling. The contracting parties enjoy the acquaintance and esteem of a large coterie of Wheeling's population. Miss Kyle, a daughter of the late John M. Kyle, has been identified with the Wheeling public schools as a successful teacher in Clay annex, is a musician of more than ordinary merit and finish, and possesses a charm and grace of manner which has made her very popular in the large acquaintanceship she enjoys. Mr. Williams is connected with the Vance Shoe Company in a position of trust, and is also favored with a legion of friends.

Mr. and Mrs. Williams will depart over the Wheeling & Lake Erie on Wednesday evening for Cleveland, and will visit Mackinac and other lake points. Upon their return they will be at home at Echo Point.

The closing concert of the season by the Woman's Club at the Opera House to-night, will furnish a treat for all lovers of music. An exceptionally fine programme has been prepared. It is regretted, however, that the delight of hearing the piano solo, "Chopin F. Minor Fantasia," by Mrs. Nellie Warren Holloway, is precluded by the very serious illness of her father, Mr. Isaiah Warren. Mrs. Frank LeMoine Hupp, whom Musical Wheeling has not had the pleasure to hear as soloist, recently, last night kindly consented to play the piano solo, and the additional treat of hearing the Philharmonic Trio, in the exquisite DeBeriot number of its repertoire, is also arranged for, through the courtesy of Prof. Schockey, Prof. Blumenberg and Mr. Meyer. So, taken all in all, the management has accomplished much to make this concert worthy the closing of five years' work of earnest endeavor.

Beside the Choral Club, in its two beautiful numbers—accompanied by Miss Kate McHenry, the performers are, Mrs. Flora Williams, Mrs. Herbert M. Ribchadfer, Miss Margaret Harvey, Miss Grace Pollack, Mrs. Fred F. Farls, Miss Flora Stifel, Miss Eva Egarter, Miss Gertrude Renter, Miss Annie E. Pelley, and Mrs. J. H. Devore.

### A JUVENILE WANDERER

Was the Protege of "Millionaire John"—Was in the Philippines.

"I shined guns, soaked en spivs," This was the explanation given by a bright colored boy at the lockup last night for his connection with a New Jersey regiment in the Philippines. "My name's Tom Davis," said he in response to further questioning, "en I comes from Greenville, No'th Carolina."

The speaker said he was thirteen years old, but he looked older. He was fairly well dressed and had a little money in his pockets, the fruits of song-and-dance acts given in Pittsburgh, whence he came to Wheeling yesterday, "to pick up a job o' wuk in dis town." Big-hearted Dan Ingram gave him shelter for the night, and this morning the youth will hustle around for work. From all appearances he is willing to work.

When the volunteer regiments were encamped at Greenville young Davis made himself useful generally to the members of the Fourth New Jersey, and he said he went with them to Trenton, N. J., later. After that, he claims, he went to the Philippines, but after a six months' stay he became sick and returned. He was unable to give definite information as to the names of the steamers or other data, but his hearers believed his story. For the Philippines he expressed a mild contempt, stating that they were black all right, but not the kind of black people he likes.

Both his parents are dead, asserted the juvenile wanderer, and he said he was raised by Millionaire John, o' No'th Carolina, who moved away to the ol' country, but I dunno what place. Other than "Millionaire John" the name of his benefactor was an unfathomable mystery, but this fact is not strange since "Tom" Davis is an illiterate colored boy, who, as he puts it, "hes to hump it fo' himself."

### "THE BLACK KID"

Leaves His Card, but Takes the Money With Him.

RAYMOND, Cal., June 3.—The lone highwayman who yesterday held up three Yosemite stages and two wagons and two United States cavalrymen, is still at large. Additional details reveal that the number of people held up numbered 32, 27 men and five women. Major Rucker and Captain Wilcox, U. S. A., with sixty-eight men of Troop F, who were on the way to Yosemite, reached the scene just as the robber was about to open the express box. Seeing the troopers, he disappeared in the brush.

The robber spoke with a Swedish accent, and his description corresponds with that of the man who held up two stages at Big Oak flat on May 18. He gave the driver of one of the stages a card bearing the legend: "The Black Kid," saying: "I hope we will get better acquainted, old man." From the three stages he collected about \$250.

### SOCIAL LABOR PARTY

Continues Its Tenth Annual Session.

Message of Greeting from Paris. NEW YORK, June 3.—The tenth annual convention of the Social Labor party was continued to-day with a morning session in the Grand Central palace. The principal part of the morning was devoted to the finishing of the reading of the report of the national executive committee of the party. It dealt with the internal machinery of the party.

B. K. Keinard made an address and delivered a message of greeting from the Socialists of Paris. He also presented to the convention a Socialist flag that had been made by the Socialist women of Paris. A resolution was adopted making the nomination of a candidate for President and vice president the first order of business for Wednesday morning's session.

### NATIONAL GLASS COMPANY

Makes Inroads Into the Foreign Market—Ten Car Loads Sent to Australia.

PITTSBURGH, Pa., June 3.—Pittsburgh glass has finally made an inroad into the foreign market. The start is made with American product, made by American workmen, operating American machinery. During the past week the National Glass Company sent ten carloads of tableware and lamps to Australia, which is the first shipment of the kind.

The shipment contained more than 150,000 separate pieces of manufactured glass. The shipment was consigned to R. W. Cameron & Company, New York, from whence it went by water to Sydney, Australia.

### Rebels Near Panama.

KINGSTON, Jamaica, June 3.—The British steamer Orinoco, which arrived here to-day from Colombia, reports that on May 31, the rebels were within six miles of Panama. The government troops had prepared for action; the British consul and others had left with their families for Tobago for safety; all the Colombian soldiers had left Colon to strengthen the Panama garrison. The United States warship Machias was at Colon when the Orinoco left, under orders to land marines if the city were threatened by the rebels.

### Made a Large Haul.

ELMIRA, N. Y., June 3.—The expert accountants who have been at work on the books of former chamberlain Frank E. Bundy, now serving a term in Auburn prison for grand larceny, announce that Bundy's shortage in the city accounts is a little over \$77,000.

### Gen. Otis Will Get Ashore.

SAN FRANCISCO, June 3.—If there are no further smallpox developments on the transport Mendoc, Gen. E. S. Otis and other cabin passengers will be released from quarantine to-morrow.

## POLITICS

Wednesday of this week is the date of two conventions of great interest in Wheeling—one the Republican nominating convention of the First congressional district at Weston, and the other the Democratic state nominating convention at Parkersburg. Both gatherings bid fair to be largely attended; at Parkersburg every room in every hotel in the town is already reserved. Although the Weston congressional convention will be of shorter duration and not of general interest throughout the state, yet Wheeling people, especially Republicans, will await the announcement of the result from the Lewis county town with eagerness.

The Ohio county delegation will go to Weston on a special train secured through the endeavors of Congressman Doyener, and the Hancock, Brooke and Marshall delegations are also invited to take the special. The train will go via Fairmont and Clarksburg, and will stop at all ticket stations. The rate will be one and one-third fare for the round trip. The train leaves Wheeling at 4:45 p. m., to-morrow, and will reach Weston between 9 and 10 p. m. After the convention has adjourned, probably at 4 or 5 o'clock Wednesday afternoon, the special will leave at once for Wheeling, and should arrive here about 9 or 10 p. m. Chairman Hornish, of the county committee, believes that nearly all of the Ohio county delegates will attend the convention.

Several of Captain Doyener's Ohio county lieutenants met in the McClure lobby last night, and discussed the situation. They were unable to discover where Judge Campbell has a chance to win, and they agreed that the strength of the two aspirants for the nomination would be as follows:

Candidate	Doyener	Campbell
Brooke	15	0
Hancock	0	0
Doddridge	22	0
Hammer	10	0
Harrison	20	0
Lewis	19	0
Marshall	12	0
Ohio	5	0
Tyler	12	0
Wetzel	14	0
Total	208	0
Doyener's majority	157	
Necessary for choice	125	

Of course the big fight in the convention will arise over the contest from Braxton, where Judge Campbell's friends dissent from the action of the regularly called convention that chose Doyener delegates.

The Ohio county Democrats will make the pilgrimage to the Parkersburg state nominating convention on the Urania, which has been chartered by "Joe" Handlan, the local candidate for auditor. The boat will leave to-morrow evening about 9 o'clock, and is expected to reach the convention town early Wednesday morning. The delegation will be at home on the boat during the convention. This is doubtless a wise move, as the word comes that the Parkersburg hotels are all under reservation.

Probably there was never before so little public interest taken in the result of a state convention in West Virginia as is evinced in the Democratic convention. The party organ in Wheeling—"the leading Democratic newspaper in West Virginia," as a well known Ohio county Democrat designated it derisively last night—has yet to name the aspirants for the several nominations in the gift of the convention, probably because it doesn't know them. This Democrat himself, when asked for the "line-up" was unable to comply in "toto," and explained that he was only interested in the governorship. So far as can be learned the names mentioned for the several nominations are as follows:

Governor—Lewis N. Tavenner, of Wood county; John H. Holt, of Cabell county; Daniel B. Lucas, of Jefferson county; Samuel L. Flournoy, of Kanawha county.

Auditor—James M. Miller, of Summers county; Joseph Handlan, of Ohio county, and two or three others.

Supreme Judges—W. G. Bennett, of Lewis county; J. W. English, of Mason county; Henry Brannon, of Lewis county.

Attorney General—John W. Davis, of Harrison county; George W. McCoy, of Tyler county.

State Superintendent of Schools—Robert A. Armstrong, of Monongalia county; H. L. Swisher, of Monongalia county.

Here in Ohio county there is a merry fight on between the supporters of Holt and Tavenner, and both sides claim to have the majority of the delegation. Last night a well known supporter of Mr. Holt claimed to the Intelligencer that a poll had been taken Saturday afternoon at the meeting of the delegation, which had shown positively that at least thirty of the fifty delegates are for Holt. A week ago it looked as though Tavenner would have the big end of Ohio county's bunch of fifty, and the Parkersburg Judge's friends do not concede that they are in the minority in the delegation.

"Joe" Handlan's friends hope he will win the auditorial prize, but some fear "Jim" Miller, of Hinton, will prove too strong. Miller is well known all over the state, having been prominent in state politics for years, while Mr. Handlan is comparatively unknown, and his canvass has not extended all over the state.

Mr. Fred Miller, of this city, has received notification of his appointment as one of the doorkeepers at the national Republican convention, and has forwarded his acceptance. As "Fred" acted in the same capacity at St. Louis he will not be a new hand at the business.

In Brooke county, on Saturday, delegates were chosen to the Republican state and congressional conventions. The delegates to the state convention are instructed for R. H. Cotton, of Brooke, for attorney general; for Samuel Atkinson for state treasurer, and

are supposed to be for James K. Hall, for auditor. For the congressional convention, the Doyener men were successful in Wellsburg and Cross Creek districts, and the Campbell forces were winners in Buffalo district, giving Doyener six and Campbell three delegates. The convention was the largest ever held in the county.

Through the efforts of Colonel Horkheimer, one of West Virginia's delegates to the national convention, arrangements have been made through Passenger Agent T. C. Burke, of the Baltimore & Ohio, for a special sleeper, which will be run from Wheeling on No. 4, Saturday, June 16, via Fairmont and Grafton. Persons along the Baltimore & Ohio in this state desiring space on the sleeper can secure it by writing to Mr. Burke.

To-night, at I. O. O. F. hall, there will be a meeting of the colored Political Equality Club. The call states that the meeting is "to complete the work of the meeting of May 34."

### Weather and River.

The following weather and river report for the month of May is compiled by the Intelligencer from figures furnished by Weather Observer Christian Schneft and Wharfmaster John Crookard. The maximum stage in the river was 6 feet 4 inches on the 1st, and the lowest stage 3 feet 6 inches on the 28th. The report follows:

### Along the Landing.

The marks at 6 p. m. Sunday showed 6 feet 1 inch and falling. Weather, cloudy and warm.

The Keystone State, with Captain Charley Knox on the roof, is to-morrow's Cincinnati packet.

The Virginia has tied up at Cincinnati, but may be ordered out again, if a good boating stage of water is maintained.

The Queen City has been ordered out and will be here to-morrow morning for Pittsburgh, and Thursday at 5 a. m. for Cincinnati.

The excursion steamer Francis J. Torrence, just out of the hands of her builders at Marietta, arrived from below last night at 10:30 o'clock, and departed for Pittsburgh shortly after midnight, where she will be placed in the excursion business in the Monongahela out of Pittsburgh. While here she was visited by many Wheeling people. She is undoubtedly the finest excursion steamer on western waters.

### The Snagboat Coming.

The snag-boat E. A. Woodruff will make its annual appearance in the upper Ohio this week. Captain W. C. Christian, of the boat, requests the publication of the following:

To Whom It May Concern:—The United States snag-boat E. A. Woodruff will soon after June 1, 1900, leave Cincinnati and proceed up stream to Pittsburgh, Pa., if practicable, otherwise as far as the water will permit, and then engage in the removal of obstructions from the Ohio river, between Pittsburgh, Pa., and Cairo, Ill. Section 19, of the river and harbor act, approved March 3, 1899, provides that whenever the navigation of any river of the United States shall be obstructed or endangered by any sunken vessel, boat, water craft, raft, or other similar obstruction, and such obstruction has existed for a longer period than thirty days, or whenever the abandonment of such obstruction can be legally established in a less space of time, the sunken vessel, boat, water craft, raft, or other obstruction shall be subject to be broken up, removed, sold, or otherwise disposed of by the secretary of war at his discretion, without liability for damages to the owner of same. Owners of sunken property, which, under the law above stated, is liable to be broken up, removed, sold, etc., should therefore, if they desire to save all or part of any such sunken property, do so before the snag-boat Woodruff arrives at its location, and harbor act, approved March 3, 1899, provides that whenever the navigation of any river of the United States shall be obstructed or endangered by any sunken vessel, boat, water craft, raft, or other similar obstruction, and such obstruction has existed for a longer period than thirty days, or whenever the abandonment of such obstruction can
